Board of Trustee of the University of Oregon
Summary of Bond-Related Resolutions
December 11-12, 2014

Refunding State Borrowings

- **Substance:** Authorizes the University's Treasurer, or designee, to consent to debt refunding activities undertaken by the State Treasurer. In addition, it authorizes the University's Treasurer, or designee, to request that state borrowings be refunded, defeased, prepaid, or modified and to consent to or approve amendments to the revised debt payment schedule. It also authorizes the University's Treasurer, or designee, to enter into additional agreements, as needed, to maintain the tax-exempt status of the bonds.
- **Why Needed:** The Agreement for Debt Management executed with the state of Oregon does not specify a designated party for the State Treasurer to work with on these matters. Subsequently, the Treasury Management Policy was adopted which conveyed these authorities to the Treasurer or designee. The resolution clarifies the granted authorities for the convenience of the State Treasurer. This resolution is timely as the state is considering refunding bonds that would affect the University in February 2015. The resolution adopted by this Board last June only delegated authority for transactions under \$5 million. This resolution removes that cap when the purpose of the refunding is for cost savings or to maintain compliance with the law.
- **Considerations:** The Agreement for Debt Management states that the State of Oregon can refund any state borrowings whenever the state treasurer determines it is in the best interest of the state of Oregon to do so without the express consent of the university. This resolution does not change that contractual agreement. This resolution is a "standing" resolution and will not need to be repeated to accommodate further refunding activity.

Requesting State of Oregon Article XI-Q Bonds

- **Substance:** Requests that the Department of Administrative Services issue bonds sufficient to provide \$11,149,936 in net bond proceeds to the University prior to June 30, 2015 as authorized by the 2013-2015 Bond Bill. It also authorizes the University's Treasurer, or designee, to enter into additional agreements, as needed, to maintain the tax-exempt status of the bonds.
- **Why Needed:** These bonds were authorized by the state legislature to pay for shelving in the Natural History Museum, make repairs to a utility tunnel, and provide funding for various capital renewal projects around campus. The state is planning to sell Article XI-Q bonds for the benefit of the University in March 2015 but in order to do so, the university must request that the bonds be sold.
- **Considerations:** The debt service associated with these bonds will be paid by specific appropriations by the State of Oregon.

Requesting State of Oregon Article XI-G Bonds

- **Substance:** Requests that the State Treasurer issue bonds sufficient to provide \$19,375,000 in net bond proceeds to the University prior to June 30, 2015 as authorized by the 2013-2015 Bond

Bill. It also authorizes the University's Treasurer, or designee, to enter into additional agreements, as needed, to maintain the tax-exempt status of the bonds.

- **Why Needed:** These bonds were authorized by the state legislature to provide partial funding for classroom expansion in Straub & Earl Halls, and to remodel the existing underground science library into a new science learning commons. The state is planning to sell Article XI-G bonds for the benefit of the University in May 2015 but in order to do so, the university must request that the bonds be sold.
- **Considerations:** The debt service associated with these bonds will be paid by specific appropriations by the State of Oregon.

Authorization of General Revenue Bonds

- **Substance:** Authorizes the University's Treasurer, or designee, to issue bonds up to \$50,000,000 and to issue additional bonds to defease, prepay, or refund interim financing. It further authorizes the University's Treasurer, or designee, to pledge all or any portion of the legally available revenues of the University to secure the payment of the principal and interest of the bonds. The University Treasurer, or designee, will also establish the structure of the bonds but the bonds must have a final maturity date no later than October 1, 2046.
- **Why Needed:**
 - The Treasury Management Policy requires that the Board approve any financing activity that exceeds \$5 million;
 - The University anticipates needing approximately \$50 million to provide funding for approved capital projects. Most of this amount, approximately \$43.5 million, will be needed to complete the renovation of Erb Memorial Union. The remaining funds are expected to be used to renovate a classroom and to fund other approved renovations. Due to market timing considerations, the University anticipates that the sale will likely occur in the first quarter of the upcoming calendar year.
- **Considerations:** The Board's policy related to liability management states that the Board will consider: the impact of the new liability on the ability of the institution to achieve the university's mission, the cost of the capital, and how the transaction affects the university's ability to meet existing obligations. These issues were all evaluated and discussed by the Finance & Facilities Committee.

Resolution: State Borrowing Refunds

WHEREAS, bonds or other obligations of the State of Oregon (the "State") have been issued, and may continue to be issued from time to time, for the benefit of the University as permitted by law (each a "State Borrowing"); and

WHEREAS, the University has entered into an Agreement for Debt Management (the "Debt Management Agreement") as of July 1, 2014, by and among the State, acting by and through its Office of the State Treasurer (the "State Treasurer"), Higher Education Coordinating Commission, Department of Administrative Services ("DAS"), and the Oregon University System with respect to State Borrowings; and

WHEREAS, Section 9 of the Debt Management Agreement provides that the State Treasurer may refund any State Borrowings whenever the State Treasurer determines it is in the best interests of the State to do so, that the University may request in writing that the State Treasurer refund State Borrowings to achieve debt service savings or to modify terms as requested by the University, and that the State Treasurer may amend the schedule of University payments pursuant to ORS 351.379(3) (the "Schedule") to reflect the University's *pro rata* share of the resulting debt service changes under certain circumstances; and

WHEREAS, it is appropriate for this Board to request and therefore authorize the State Treasurer, and as applicable request that DAS request and therefore authorize the State Treasurer, to issue bonds to refund State Borrowings without requiring further action of this Board; and

WHEREAS, the Board hereby determines that it is in the best interests of the University to refund any State Borrowings to achieve debt service savings or to modify terms as requested by the University, and that it is in the best interests of the University to amend the Schedule to reflect the University's *pro rata* share of the resulting debt service changes in certain circumstances;

WHEREAS, the Board now desires to delegate to the Treasurer of the University, or his or her designee, the authority to request that a State Borrowing be refunded, to consent to or approve that a State Borrowing be refunded, and to consent to or approve amendments to the Schedule where applicable; and

WHEREAS, the Board's Policy on Committees authorizes the Finance and Facilities Committee to refer matters to the full Board of Trustees as a seconded motion;

NOW, THEREFORE, the Finance and Facilities Committee hereby refers to the Board as a seconded motion this resolution, recommending its adoption, as follows:

1. Refunding State Borrowings. The Treasurer of the University or his or her designee (the "Authorized University Representative") is hereby authorized to request that State Borrowings be defeased, prepaid, or refunded to achieve debt service savings or to modify terms of the State Borrowings, and to request the issuance of State Borrowings for such purposes, from time to time as determined by the Authorized University Representative. The Authorized University Representative is

further authorized to consent to the defeasance, prepayment or refunding of State Borrowings, and to consent to or approve amendments to the Schedule to reflect the University's *pro rata* share of the resulting debt service changes, as applicable, from time to time as determined by the Authorized University Representative.

2. Tax-Exempt Status. The Authorized University Representative is hereby authorized to covenant, on behalf of the University, to comply with the provisions of the Internal Revenue Code of 1986, as amended, that are required for interest on tax-exempt State Borrowings to be excluded from gross income for federal income taxation purposes, for State Borrowings that are issued on a tax-exempt basis and to execute and deliver such agreements, documents or certificates required for such Bonds to be issued on a tax-exempt basis.

3. Ratification and Approval of Actions. The Board hereby ratifies and approves all prior actions taken on behalf of the Board and the University related to the defeasance, prepayment or refunding of State Borrowings. The Board hereby authorizes, empowers, and directs the Authorized University Representative to take further actions as may be necessary or desirable related to the defeasance, prepayment or refunding of State Borrowings, including, without limitation, (i) covenanting to perform on behalf of the University, and performing, any actions necessary to comply with requests from the State Treasurer authorized under ORS chapter 286A to administer the State Borrowings, and (ii) the execution and delivery of amendments to the Schedule and such other agreements, documents or certificates, including any loan, grant or trust agreements with the State Treasurer and any other party, if necessary, as may be necessary or desirable to carry out the defeasance, prepayment or refunding of State Borrowings, and (iii) to take such other actions as are necessary or desirable for the purposes and intent of this resolution.

4. Effective Date. This resolution shall take effect immediately upon adoption by the Board.

**Finance and Facilities Committee
Board of Trustees of the University of Oregon**

Resolution: Adoption of Tuition and Fee Processes

Whereas, ORS 352.102(2) requires the Board of Trustees of the University of Oregon (the "Board") to establish a process for determining tuition and mandatory enrollment fees pursuant to the authority granted in ORS 352.102(1);

Whereas, ORS 352.105(2) authorizes the Board to review, for possible refusal, the use or modification of mandatory incidental fees recommended by the University President (the "President") and the Associated Students of the University of Oregon (ASUO); and

Whereas, the Board's Policy on Committees authorizes the Finance and Facilities Committee to refer matters to the full Board of Trustees as a seconded motion;

Now, therefore, the Finance and Facilities Committee of the Board of Trustees of the University of Oregon hereby refers to the Board of Trustees as a seconded motion, and recommends their approval, the following resolutions:

The Board hereby resolves that the University shall annually establish tuition and mandatory enrollment fees pursuant to a process specified and managed by the President and that such a process must include the following components:

1. Advisory Group. The University President (the "President") or his/her designee shall convene an advisory group comprised of faculty, students (including both undergraduate and graduate representation), and staff. This advisory group shall make a recommendation to the President regarding tuition and mandatory fee rates for each academic year, and it may generally advise the President on matters relating to tuition and fees. The President will consider the advisory group's recommendations, along with other information the President deems relevant, when preparing his/her recommendations to the Board. Membership of the group is at the discretion of the President or his/her designee, however the President shall include two students nominated by the Associated Students of the University of Oregon (ASUO).
2. Considerations. In making recommendations to the President, the advisory group shall consider (i) historical tuition and fee trends; (ii) comparative data for peer institutions; (iii) the University's budget and projected cost increases; and (iv) anticipated state appropriation levels.
3. Student Forum. The President or his/her designee shall hold an open forum with students to discuss recommended tuition and mandatory fees. ASUO shall have the opportunity to participate in the planning and convening of this public meeting.
4. Opportunity for Review and Comment. The President shall provide an opportunity for public review of and comment about the tuition and mandatory fees recommendation prepared for the Board. Based on information received from the public review and comment, and other information the President deems relevant, the President may modify his/her recommendations before submitting them to the Board.

5. Recommendations Submitted to the Board. The President shall submit to the Board a written report outlining recommended tuition and mandatory enrollment fees. The report must be submitted with sufficient time for analysis and feedback prior to the meeting at which the Board will consider tuition and fees each year. "Sufficient time" shall be determined by the University Secretary.

Further, the Board hereby resolves that the President and the president of the ASUO shall submit to the Board a joint written report recommending the authorization, establishment, use or elimination of any incidental fee as proscribed in statute. For purposes of conducting an analysis authorized under ORS 352.102(3) and ORS 352.105, the report required by this resolution shall include: (i) the mandatory incidental fees the ASUO requested to be collected; (ii) the process by which the ASUO establishes such fees; (iii) a statement of whether the requested fee amount is different than the previous year, and if so by how much; (iv) the use of such fees; and (v) if requested by the President, an explanation of how the fees are advantageous to the cultural or physical development of students. The report due to the Board pursuant to this resolution must be submitted with sufficient time for analysis and feedback prior to the meeting at which the Board will consider tuition and fees each year. "Sufficient time" shall be determined by the University Secretary. If the President and ASUO do not jointly agree to the recommendations prior to the date recommendations are to be submitted to the Board, the President may separately submit the recommendations to which the parties agree and the recommendations to which the parties do not agree, along with the underlying basis for agreement and disagreement.

Resolution: Approval for Certain Housing Project

Whereas, the University of Oregon is committed to the continuous improvement of residential life for its students;

Whereas, a critical component of residential life at the University of Oregon are the various facilities that comprise the on-campus community;

Whereas, undergraduate enrollment at the University of Oregon has grown 24.8% in the last ten years and the institution needs additional resident beds to meet demand and provide capacity while older housing units are taken off line for renovation;

Whereas, ORS 352.107(1)(k) grants the University of Oregon the authority to engage in the construction, development, furnishing, equipping, and other actions relating to buildings and structures;

Whereas, University of Oregon policies require approval by the Board of Trustees for a capital project budget that is anticipated to exceed \$5,000,000;

Whereas, the Division of Student Life has developed a plan for a new 500-bed residence hall to be constructed on campus, as outlined in Exhibit A attached hereto, and desires to proceed with the planning, design and construction of that project; and

Whereas, the Board's Policy on Committees authorizes the Finance and Facilities Committee to refer matters to the full Board of Trustees as a seconded motion;

Now, therefore, the Finance and Facilities Committee of the Board of Trustees of the University of Oregon hereby authorizes the President and his designees to take all actions necessary and proper to engage in the housing project outlined on page two of in Exhibit A, and refers this item to the Board of Trustees as a seconded motion, recommending its approval.

Background and Project Summary

“Residence Hall Development and Renovation: Creating the Residential Campus”
Provided by the Division of Student Life

Background

As the University continues to strengthen AAU membership by requiring significant investment in graduate students and research, it will also be essential to fortify our stature by strengthening the undergraduate experience. Top universities, and those striving for excellence, continue to anchor formative student experiences within critical, core campus-based residential programs.

For example, the University of Washington is implementing a 10-year \$800 million dollar housing master plan (2010-2020); and Ohio State University is investing \$396 million in just three years as it moves to a two-year live-in requirement. Ohio State University Trustee Algenon Marbley said, "Great universities are never known for their off-campus experiences, but great universities are known for their on-campus experiences." And Gordon Gee, former President of Ohio State University, said, "This is not about housing, it's about providing the best quality education to students by taking a bold step that no one else is making."

Similarly, the University of Oregon is engaging in long-term campus planning, which includes both physical and programmatic pieces to engage students in a rewarding, educational residential experience.

The Plan Forward: The Residential Campus

The University needs to assertively establish its critical core of academic-centered residences for first-year students, transfer students, continuing students and American English Institute participants.

The immediate development of a new 500 bed residence hall (see below) - along with aggressive renovation of facilities in greatest need of significant work (Bean, Hamilton and Walton) provides the University a strong return on investment for undergraduate education and provides updated residential learning space for students.

Immediately after this new hall is opened, half of the out-of-date Bean Complex will be taken off-line for extensive construction. It will be made into an academic residential community (ARC, see below) and needed renovations will be made. The UO has the financial ability to complete the new hall and renovation of the other three.

An Academic Residential Communities Council, chaired by Lisa Freinkel, Vice Provost for Undergraduate Studies, and Michael Griffel, Director of University Housing, exists to, among other things, establish a process for soliciting, reviewing, selecting, and placing new ARCs in this new residence hall and the renovated facilities.

This is an exciting and strategically important time for the University. It is the time to take bold and innovative steps towards strengthening our position among peer institutions through a number of initiatives, including further investment in academic, residential and multi-functional infrastructure.

The Proposed New Residence Hall Project

- The building would house 500 beds in approximately 145,000 gross square feet.
- It would include resident assistant rooms, two professional staff apartments and a resident faculty apartment.
- There would be approximately 7,000 square feet of academic residential community space.
- Students would have access to a living room, study and social lounges, a game room, a kitchen, music rooms and laundry facilities.
- The total project cost is estimated at \$45 Million
- The building will be more market driven than traditional “100 year” institutional construction.
- The construction type will generally be “5 over 1”: five floors of wood construction on top of one floor of steel and concrete (the height of the building will vary from section to section).
- The University will utilize a development manager, architecture firm and construction manager/general contractor.
- This project will be *at least* LEED gold certified
- Project design and construction will accommodate the ceremonial needs of the adjacent Many Nations Long House, which is directly north of the possible site(s).
- Assuming approval, design work would begin approximately December 30, 2014.
- Construction should begin in early April 2016.
- Construction is expected to be complete and commissioning complete approximately August 2017.
- Construction costs will initially be funded from University cash, but university-backed revenue bonds will be the ultimate source of long-term funding.
- The Internal Bank Advisory Group discussed and vetted the plan to build the new residence hall and the comprehensive long-range plan to renovate the older portion of the housing stock to confirm the reasonableness and viability of the financial assumptions.

Academic Residential Communities (ARCs)

The University of Oregon’s ARCs, at their heart, are springboards to academic success, learning, leadership and professional development. ARCs are academically-driven, multi-use shared spaces that enhance student success and student’s sense of belonging; they are a wonderful way to engage students in scholarly endeavors while building a sense of place and community critical to resident life.

The mission of the UO seeks to create “a community of scholars” who “question critically, think logically, reason effectively, communicate clearly, act creatively, and live ethically.” University of Oregon residential initiatives propel that mission by integrating out-of-classroom experiences with in-class learning. The UO strives for all residential students in an ARC. Colleges and faculty partnerships work continually to develop new ARCs; here are the 15 current programs:

Robert D. Clark Honors College	Living of Language Programs (5: Chinese Flagship;
Building Better Business Leaders Community	(French Immersive; German Immersive;
Business Residential Community	Japanese Global Scholars; Spanish Immersive)
College Scholars	Residential Freshman Interest Groups
Community for Ecological Scholars	Service Learning Cohort
Community for Musical Scholars	Sophomore Experience
LGBTQ Cohort
