Agenda Item #2

Standing Reports
ASUO President
UO Senate President
University President*

*No written materials included
The Associated Students of University of Oregon (ASUO) Executive Branch onboarded 13 secretaries over the summer to fill its Executive Cabinet. The new administration has outlined three main priorities for the upcoming year:

**ENGAGE STUDENTS AND BUILD RELATIONSHIPS**
ASUO will have high visibility and engagement across student organizations and actively seek feedback on the student experience. Students will not only know what ASUO is, but also what ASUO funds.

**PROVIDE DYNAMIC SUPPORT**
ASUO will be a partner to students and student organizations. By maintaining regular communication and understanding students' needs, ASUO can streamline campus processes, making it easier for students to access resources.

**IMPROVE STUDENT QUALITY OF LIFE**
ASUO will be a catalyst for student success. By hosting events that build community, working on projects that address student concerns and organizing activities that make time on campus more meaningful, ASUO can play a critical role in elevating the UO student experience.

### UPDATES

**PARTNERSHIP WITH UNIVERSITY OF OREGON PORTLAND CAMPUS**
Students at the University of Oregon Portland campus currently pay half of the normal incidental fee (I-Fee), without any of the money being utilized to fund their student organizations. After meeting with the UO Portland Staff, we plan to establish the Portland Council, the primary student organization currently responsible for student-campus leadership, as an officially recognized ASUO organization. This will give the Portland Council access to surplus funding for the 2023-2024 school year and allow them to participate in the regular ASUO budgeting process for years to come. The Portland Council will also have the ability to distribute the funding to the Portland campus’s 27 student organizations.

**DEVELOPMENT OF ASUO DIVERSITY ACTION PLAN**
ASUO met with the UO Office of DEI and leaders of the Multicultural Center to start development of the ASUO Diversity Action Plan for the first time in over a decade. The plan will utilize the new student-facing IDEAL framework, prioritizing equity and inclusion throughout ASUO’s leadership structure, decision-making processes and
programming. Additionally, ASUO is conducting research on previous ASUO diversity initiatives. This research will be presented to a group of students to receive feedback on ASUO efforts to lift up underserved students on campus and provide equal opportunity for all students to engage and participate with ASUO and affiliate programs.

**STATE-LEVEL ADVOCACY**

ASUO is building on previous work to unite student voices and speak up in favor of legislative issues that directly impact the student body. Last year ASUO saw great success in bringing student voices together to secure funding for universities through the Public University Support Fund, Oregon Opportunity Grant and Oregon Tribal Student Grant. Wins like this are significant because they show that student voices have an impact at the state level. Priorities for the upcoming short session include Open Educational Resources and Hunger Free Campuses and long-term planning about a Higher Education Success Act. In addition, ASUO will establish regular communications with surrounding student governments to combine resources and strengthen connections.

**CAMPUS SAFETY**

ASUO is partnering with health-focused student organizations and local nonprofits to administer Fentanyl test strips to students after passing HB 2395. This will increase campus safety by reducing the risk of overdoses and educating students about harm reduction. Additionally, ASUO has partnered with the Division of Student Life to establish a position within the department to ensure longevity for the Party Registration Program. ASUO will continue sponsoring programs and training to uphold the program and sustain student-centered results.

**BASIC NEEDS SUPPORT**

ASUO will address student concerns by working closely with Basic Needs to ensure students’ highest priority needs are being met. ASUO is in the process of identifying these high-priority needs through research from the recent Hope Survey and qualitative data from student organizations and affinity groups. This information will be supplemented with additional research to gain insights about increasing accessibility of Basic Needs and other need-based programs on campus.

**UPCOMING OPPORTUNITIES FOR BOARD INVOLVEMENT**

**Fall Term Coffee Hours: Wednesday, 9:30AM**
ASUO hosts weekly coffee hours in the ASUO Suite to engage students, listen to concerns, and share resources. We would be happy to set up a time for Board Members to attend and connect with the student body.

**Street Fair: October 11-13th**
The Fall Street Fair is a vibrant expression of community that brings together vendors, community organizations, and UO students to celebrate returning to Eugene. Board Member participation is welcome and appreciated.

TO: University of Oregon Board of Trustees
FROM: Gerard Francisco Sandoval, Senate President and Professor of Planning, Public Policy and Management
        Alison Schitke, UO Vice-President and Senior Instructor of Education
        Sandy Weintraub, UO Senate Secretary and Advisor to President
SUBJECT: University of Oregon Senate Update, September 11-12

1. President Scholtz

UO Senate leadership is excited to begin a new academic year – especially with President Karl Scholtz – at the helm of the University. President Scholtz has already established a collaborative relationship with our Senate leadership, meeting with us throughout the summer plans and sharing his vision for our work.

2. UO Senate President priorities for the year

Post Affirmative Action

The Senate shall support UO administrators, staff, faculty, and students in maintaining the resources they currently have to increase the representation of underrepresented students.

We incorporated a Senator, Harinder Kaur Khalsa, into the Post Affirmative Action Committee chaired by Kevin Reed. Our Senate shall continue the work we started last year on our committees in helping them make decisions focused on diversity, equity, inclusion, and belonging.

Faculty of Color Retention

There is a crisis at the UO with retaining our faculty of color. The Center for Diversity and Community (CODAC) commissioned a two report where outside UO consultants interviewed 40 faculty of color – and most – were extremely unhappy at the University. Faculty told stories of cultural taxation, racist macroaggressions, unappreciated ethnic-related research, and tokenism – to name a handful of issues. The CODAC report titled Voice of Faculty of Color can be provided to the Board of Trustees as requested. The stories within the report are eye-opening and shocking. Therefore, it's essential to recruit faculty
of color, yet, I would argue, it's even more critical to retain and keep them satisfied at UO.

**Implementing Service Task Force Recommendations**

During the past two years, a Senate task force on service has studied the overburdened service faculty engaged at UO. They also studied best practices nationwide to make recommendations on how the UO could better manage the service commitments of their faculty. The extensive Senate report has many ideas and recommendations for better measuring and allocating university services. This year will be a year of implementation as the Senate will develop a working group to closely collaborate with the Provost's office on developing strategies and techniques to create institutional change that will provide equal faculty service commitments. Much of the "invisible" service at UO is being done by faculty of color and women, which will be the most challenging part to manage.

**Re-building UO's IFS relationship**

UO has not been very active in the Interinstitutional Faculty Senate (IFS) during COVID and the year after. The interinstitutional Faculty Senate represents all faculty Senates of Oregon public universities. It is a vital organization as it serves as an avenue to advocate for state educational policy decisions. This year, the key issues were aligning the community college credits to university prerequisites and having the HECC determine whether courses meet university requirements. Many faculty saw this as an infringement on their academic freedom. The preventatives of the UO IFS include the Senate President and Vice President and an elected Senator. We will select a Senator during our first Fall Senate meeting.

**3. Policy Development**

**Military mobilization orders**

The Senate is working with partners from the UO Veterans Resource Center, academic advising and faculty colleagues to develop a clear policy addressing class absences for mandatory drills, training requirements, or mobilization orders by our National Guard and military Reserve Students. We have no official university policy that outlines how faculty should accommodate these
students, and a policy is needed both to benefit students, and to ensure compliance with Oregon law.

**Finalizing Academic Related Policy Development**

The Senate is collaborating with the Provost’s office and other campus colleagues to finalize the process of codifying all academic policies in the University Policy library. This will finally complete a multi-year process to transition all academic policies to a central and easily accessible location.

To advise the Board Chair on any necessary changes to the Bylaws and Policy on Retention and Delegation of Authority a workgroup comprised of trustees and administrators reviewed the Board’s bylaws and have made several recommendations for consideration. While many of the proposed amendments are focused on technical and clarifying adjustments, several proposed changes make more substantive adjustments. Board of Trustees | Resolution: Adoption of Amendments to Board Bylaws
12 September 2023
BYLAWS OF THE UNIVERSITY OF OREGON

ARTICLE I
Name

The legal name of this independent public body is the University of Oregon ("University").

ARTICLE II
Purposes of Organization

The purposes for which the University is organized are to carry out and exercise the powers, rights, duties and privileges, within and outside this state, that are expressly conferred upon the University, or that are implied by law or are incident to such powers, rights, duties and privileges.

ARTICLE III
Board of Trustees

1. Business and Affairs. The University shall be governed and the business and affairs of the University shall be managed by the Board of Trustees of the University of Oregon ("Board"), which may exercise all such powers, rights, duties and privileges as are expressly conferred upon the University, or that are implied by law or are incident to such powers, rights, duties and privileges. The Board may delegate and provide for the further delegation of any and all such powers, rights, duties and privileges subject to limitations expressly set forth in law.

2. Membership. The membership of the Board is established by law. With the exception of the President of the University, the Trustees are appointed by the Governor of the State of Oregon and are subject to confirmation by the Oregon Senate in the manner prescribed by law. To assist the Governor in appointing Trustees, the Board may submit recommendations to the Governor for consideration whenever there is a vacancy.

3. Vacancies. A vacancy on the Board shall exist upon the death, resignation, removal or expiration of the term of any Trustee. A Trustee may resign at any time by delivering written notice to the Governor and at least one of the following: the Chair of the Board of Trustees, the President of the University, or the University Secretary.

4. Removal. The Governor may remove a Trustee other than the President as provided by law. The Board may terminate the status of the President as a Trustee by terminating the President's appointment as President of the University, subject to the rights, if any, of the President under a contract of employment.

5. Board Officers.

a. Every three years, the Board shall select one of its members as Chair and another as Vice Chair, who shall be the Board Officers. The term for a board officer shall be approximately three years, or until death, resignation, removal or expiration of appointment as a Trustee within a term. The Chair and Vice Chair may be elected to consecutive terms. The Chair and Vice Chair may serve a maximum of two full terms in each respective position. The Chair and Vice Chair shall not be employees or students at the University and shall not, as Chair and Vice Chair, be authorized to bind the University. The Board may appoint such other Board Officers with such duties as the Board determines necessary or
appropriate.

b. In the event of a vacancy in the position of Chair, the Vice Chair shall, as soon as practicable, call a meeting of the Board for purposes of filling the vacancy; the Vice Chair shall temporarily assume the responsibilities of the Chair until such a meeting occurs and a new Chair is elected. A vacancy in the position of Vice Chair shall be filled by the Board at its next regular meeting. In the event of a vacancy in both positions simultaneously, the President shall facilitate a meeting of the Board, as soon as practicable, for the purpose of filling both vacancies.

c. The Chair shall establish the agenda for and preside at all meetings of the Board. The Chair shall perform such other duties as assigned by the Board. In the absence of the Chair or in the event of the Chair's inability to act, the Vice Chair shall perform the duties of the Chair, and when so acting, shall have the powers of and be subject to all the restrictions upon the Chair. The Vice Chair shall perform such other duties as assigned by the Board. The Chair may designate another trustee, who is not the President, to temporarily preside over a meeting.

d. Notwithstanding the appointment of a Chair and Vice Chair, authority is vested in the Board collectively and not in any individual Trustee. Individual trustees do not speak on behalf of the Board or the University unless authorized to do so by the Board or Chair. The Chair may speak on behalf of the Board and the University, unless otherwise determined by the Board.

e. A Board Officer serves at the pleasure of the Board. A Board Officer may be removed from office by a two-thirds majority vote of Trustees eligible to vote. A Board Officer may voluntarily relinquish his or her position as Chair or Vice Chair by submitting a letter of resignation to the Secretary with an effective date.

6. Compensation; Reimbursement of Expenses. A Trustee performing his or her official duties is not acting as an employee of the University and shall not receive a salary for Board service. In accordance with University policy and upon approval by first the Secretary and then the Treasurer of the University, a Trustee may be reimbursed for reasonable expenses incurred in connection with the performance of official duties.

7. Faculty and Non-faculty Staff Trustees. The Faculty Trustee and Non-faculty Staff Trustee are each hereby granted reasonable leave with pay at their regular compensation as employees of the University to attend meetings of the Board and other official Board functions that occur during their normal work day. Nothing in this section 7 shall be deemed to alter the compensation of the faculty member or staff member for the performance of their duties as a University employee.

ARTICLE IV
Meetings of the Board

1. Public Meetings. A "Public Meeting" of the Board is the convening of the Board for a purpose for which a quorum is required in order to make a decision or to deliberate toward a decision on any matter. All Public Meetings of the Board shall be conducted in compliance with Oregon Public Meetings Law. Public Meeting does not include any statutorily exempted meetings, including any on-site inspection of any project or program or the attendance of Trustees at any international, national, regional, state or local association.

2. Quorum of the Board. Except as otherwise specified herein, a quorum of the Board is required
to conduct Board business. A quorum of the Board shall be a majority of the Trustees in office at the time of the meeting.

   a. Except as otherwise specified herein, action upon a matter for which a quorum is required shall be taken upon the approval of a majority of the Trustees present.
   b. All Trustees present must vote affirmatively or negatively on any matter on which a vote is called by the Chair, except that a Trustee may not vote if the Trustee has refrained from participation on the matter due to an actual conflict of interest as defined in Article VIII section 1 of these bylaws.
   c. The Board may permit any or all Trustees to participate in a meeting by, or conduct the meeting through use of, any means of electronic communication by which all Trustees participating may simultaneously hear each other or otherwise communicate with each other during the meeting. Participation in such a meeting by a Trustee shall constitute such Trustee's presence in person at the meeting.
   d. Any item referred to the Board under unanimous support from a committee may be presented to the Trustees on a Consent Calendar at the recommendation of the committee chair. The Consent Calendar shall be considered at the next regularly scheduled meeting of the Board and all items on the Consent Calendar shall be considered en bloc. An item shall be removed from the Consent Calendar if two or more trustees so request, in writing to the Chair, not later than two hours prior to convening of the Board meeting at which the Consent Calendar will be considered. An item may be removed from the Consent Calendar at the discretion of the Chair at any time.

4. Quorum not Required. A majority of the voting Trustees present at a meeting that is subject to the quorum requirements of this Article, although less than a quorum, may:
   a. Adjourn the meeting from time to time to a different time or place before the date of the next regular meeting without further notice of any adjournment. At such adjourned meeting at which a quorum is present, any business may be transacted that might have been transacted at the meeting originally held.
   b. Set a time for adjournment.
   c. Call a recess.
   d. Take any measure necessary or appropriate to assemble a quorum.

5. Waiver of Notice by Trustee. A Trustee’s attendance at or participation in a meeting waives any required notice of the meeting to the Trustee unless the Trustee at the beginning of the meeting objects to the holding of the meeting or the transaction of business at the meeting and does not subsequently vote for or assent to action taken at the meeting. A Trustee may at any time waive any notice required by law or as described in Article V section 5(b) of these Bylaws, with written notice, signed by the Trustee and specifying the meeting for which notice is waived. Any such waiver of notice shall be filed with the minutes of the meeting for which notice is waived.
6. Parliamentary Rules. Procedural disputes shall be resolved by traditional procedural rules, as interpreted by the Chair.

ARTICLE V
Public Meeting Procedures

1. Regular Meetings. Regular Public Meetings of the Board shall be held at least four times per calendar year on such dates and at such times as specified by the Chair, and on such additional dates and at such times as specified by the Chair or in writing signed by a majority of the Trustees then in office.

2. Special Meetings. Special Public Meetings of the Board may be called at any time by the Chair and must be called by the Chair within twenty-four (24) hours after the Chair’s receipt of a written request for a Special Public Meeting signed by a majority of the Trustees then in office and specifying the purpose of the meeting. Signatures may be electronic and in counterparts.

3. Emergency Meetings. Emergency Public Meetings of the Board may be called at any time by the Chair in instances of an actual emergency and must be called by the Chair within twenty-four (24) hours after the Chair’s receipt of a written request for such a meeting signed by a majority of the Trustees then in office, identifying the actual emergency and specifying the purpose of the meeting. Signatures may be electronic and in counterparts. Meeting notice and minutes of emergency Public Meetings shall describe the emergency justifying the emergency Public Meeting.

4. Place of Meetings. All regular Public Meetings and Special Public Meetings of the Board shall be held in a location or through a platform that is compliant with Oregon Public Meetings Law.

5. Notice of Meetings.
   a. Notice of all regular Public Meetings shall be given in a manner reasonably calculated to give interested persons, including the media, actual notice of the time and place of the meeting and principal subjects anticipated to be considered at the meeting. Notice of Special Public Meetings shall be given to interested persons, including the news media, which have requested notice and to the general public at least 24 hours prior to the hour of the meeting. Notice of an emergency Public Meeting shall be such as is appropriate to the circumstance.

   b. Notice of a regular or Special Public Meeting must be given to each Trustee at least 48 hours prior to the hour of the meeting. Notice to each Trustee of an emergency Public Meeting shall be such as is appropriate to the circumstance. Notice of all such meetings may be given to Trustees orally either in person or by telephone or may be delivered in writing, either personally, by mail, by electronic mail, or by facsimile transmission. If mailed other than by electronic mail, notice shall be deemed to be given three (3) days after deposit in the United States mail addressed to the Trustee at the Trustee’s address on file with the Secretary for the purpose of receiving Board correspondence, with postage prepaid. If notice is sent by electronic mail or facsimile transmission, notice shall be deemed given immediately if the electronic mail notice is sent to the Trustee’s University of Oregon electronic mail address or, as applicable, the Trustee’s facsimile on file with the Secretary for the purpose of receiving such correspondence. Notice by all other means shall be deemed to be given when received by the Trustee.

6. Minutes of Meetings. The Board shall provide for the taking of written minutes of all
Meetings, which minutes shall give a true reflection of the matters discussed and actions taken at the Public Meetings as well as the views of the participants, unless otherwise permitted by law. In addition to written minutes, the Board may provide for an audio or video recording of a Public Meeting.

The officers shall have such authority and perform such duties as set forth in the law and these Bylaws and as may be prescribed by the Board or President.

2. **President.** The Board shall appoint a President. The President of the University is the President of the Faculty. The President is also the executive and governing officer of the University, except as otherwise provided by statute or action of the Board. Subject to the supervision of the Board, the President of the University has authority to direct the affairs of the University. The President shall, periodically, report to the Board all significant matters within the President’s knowledge related to affairs of the University. The President shall perform such other duties as assigned by the Board. The President may appoint other officers and employees of the University, who shall have such powers and duties as may be prescribed by the President.

3. **Treasurer.** The President shall appoint a chief financial officer, who shall be the Treasurer. Subject to the supervision of the Board and applicable law, the Treasurer of the University shall properly account for all monies collected, received and expended by the University and all real and personal property of the University. The Treasurer will keep and maintain, or cause to be kept and maintained, adequate and correct records of the assets, liabilities, and business transactions of the University. The Treasurer will disburse the funds of the University as may be provided for by the Board, may settle and pay all claims against the University, and will render to the President or the Board, upon request, an account of the financial condition of the University.

4. **General Counsel.** The President shall appoint a General Counsel. The General Counsel to the University is the chief legal officer of the University and represents and advises the University, including the Board, officers, and employees, in all matters related to the affairs of the University. The General Counsel is authorized to accept legal process on behalf of the University.

5. **Secretary.** The President shall appoint the Secretary. The Secretary shall be responsible for the giving of required notices of meetings of the Board, the preparation of minutes, and proper records management for the Board.

ARTICLE VII
Board Committees

Subject to the requirements of applicable law, the Board may establish such committees as it deems appropriate or necessary and shall define the duties and reporting requirements of such committees and the membership of the committees.
1. In General. Subject to the requirements of law and of this Article, the Board may take any action involving either a potential conflict of interest or an actual conflict of interest (as defined in ORS Chapter 244). Prior to taking any action in an official capacity on any matter involving a potential conflict of interest or an actual conflict of interest for a Trustee, the Trustee shall publicly announce the nature of the potential or actual conflict of interest. Any Trustee having an actual conflict of interest in a transaction with the University shall in addition (i) refrain from participating in any discussion or debate on the issue out of which the conflict arises, and (ii) refrain from voting on the issue, unless the Trustee’s vote is necessary for Board action on the issue and is otherwise not prohibited by ORS Chapter 244.

2. Labor Negotiations. As described in ORS 352.076, the faculty and nonfaculty staff, and student members of the governing board may not participate in any discussions or action by the board or attend any executive session of the board involving collective bargaining issues that affect faculty, nonfaculty staff, or student employees at the university.

3. Other. The Board may adopt such other policies and standards pertaining to conflict of interest and ethics as the Board determines to be appropriate.

ARTICLE IX
Indemnity

1. Indemnification and Defense in General.
   a. The University shall defend and indemnify any Trustee or Officer (“Party”) against any Claim, whether groundless or otherwise, arising out of an alleged act or omission occurring in the performance of official duties. The University shall not provide indemnification and defense in case of malfeasance in office, willful or wanton neglect of duty, or in judicial or administrative action in which the Party is found to have violated the Oregon Government Ethics Law. The University may cease to provide indemnification or defense upon a determination by the University, in its sole discretion, that an act or omission may constitute criminal conduct.
   
   b. The University may choose to defend a Party under a reservation of rights. Any Party to whom the University is providing a defense shall cooperate fully with the University in the defense of such Claim. If the University determines, in its sole discretion, that such Party has not so cooperated or has otherwise acted to prejudice the defense of the Claim, the University may at any time terminate its defense and indemnity or proceed under a reservation of rights.

2. Legal Expenses when Claim is by a Governmental Entity or Professional Licensing Authority.
   a. Expenses incurred by a Party in the defense of a civil Claim by a governmental entity or a professional licensing authority may be advanced or reimbursed by the University if the University, in its sole discretion, determines that the civil Claim arose out of the Party’s performance of official duties. Such advancement or reimbursement constitutes part of the Party’s official compensation package for purposes of ORS Chapter 244. The University may decline to reimburse a Party for any expenses incurred prior to the University’s written commitment to provide reimbursement.

4. Definition. The term “Claim” means any threatened, pending, or completed investigation, action, suit, or proceeding brought by a party other than the University.

5. Non-Exclusivity and Continuity of Rights. This Article: (i) shall not be deemed exclusive of any other rights to which those indemnified may be entitled under any statute, agreement, general or specific action of the University or otherwise, both as to action in the official capacity of the person indemnified and as to action in another capacity while holding office, (ii) shall continue as to a person who has ceased to be a Party, (iii) shall inure to the benefit of the heirs, executors, and administrators of such person.

6. Amendments. Any repeal of this Article shall only be prospective, and no repeal or modification hereof shall adversely affect the rights under this Article in effect at the time of the alleged occurrence of any action or omission to act that is the cause of any Claim or complaint.

ARTICLE X
Miscellaneous Provisions

1. Principal Office. The principal office of the University is located at 1098 East 13th Avenue, University of Oregon, Eugene, Oregon 97403.

2. Email. All trustees will be provided with an institutional email address. Trustee email addresses will be clearly and publicly on the university website.

3. Severability. Any determination that any provision of these Bylaws is for any reason inapplicable, invalid, illegal, or otherwise ineffective shall not affect or invalidate any other provision of these Bylaws. The headings in these Bylaws are provided for convenience and shall not be considered in the interpretation or construction of these Bylaws.

4. Authority. Because the Board is the final University authority, these bylaws and Board policies are...
and standards have precedence over other policies and standards of the University and its constituent parts. Any policies and standards adopted by the University and its constituent parts shall be consistent with these Bylaws.

5. **Amendment of Bylaws.** These Bylaws may be altered, amended, restated or repealed and new bylaws may be adopted by the Board at any regular or Special Public Meeting.

Risk Assessment Methodology
and Internal Audit Plan

FY24 - OFFICE OF INTERNAL AUDIT
BACKGROUND

The Institute of Internal Auditors’ (IIA) International Professional Practices Framework (IPPF) requires the chief audit executive to establish a risk-based plan to determine priorities for the internal audit function.

Risk assessment activities are a normal part of internal audit and a routine framework by which auditors interpret information. Additional emphasis on these activities occurs to develop an annual plan.

METHODOLOGY

Mission Statement

The mission of internal audit is to enhance and protect organizational value by providing risk-based and objective assurance, advice, and insight.

Activities

Internal Audit engages in four primary activities – assurance, advisory/consulting, investigations, and education/training services.

- **Assurance**: risk-based structured evaluation that often leads to recommendations to strengthen the internal control system.
- **Advisory/Consulting**: can also be risk-based and tends to be more current state/future stated focused while assurance may be looking at transactions that have already been recorded.
- **Investigations**: includes hotline reports, referrals from others at UO, and direct contacts. Often investigations received become the shared responsibility of more than one UO unit.
- **Education/training**: recent training topics include fraud and internal controls, and IT audit concepts.
Audit Resources

The OIA is supplemented by Finance and Shared Services (FASS) for administrative support and by Baker Tilly for IT audit services/consultations.

Risk Assessment

Multiple sources of information inform the audit plan, including, but not limited to:

External to UO
- Higher Education Risk Trends
- Information Technology Risk Trends
- Regulatory and Compliance Updates
- Higher Education Internal Audit peers and Association

Internal to UO
- SERMC Risk Exposure Matrix
- UO News and Highlights
- Collaborative discussions
- Organizational changes
- OIA results and insights

The internal audit plan is predominately risk-based with a small amount of recurring required work. Required projects have specific procedures associated to their objectives and they address risks identified by others. For FY24, required projects include NCAA Attendance Confirmation, a specific Scholarship Recipient Eligibility Confirmation, and a quality assurance review of internal audit with an external component.

Working closely with the Strategic Enterprise Risk Management Committee (SERMC) throughout the year allows us to continually monitor management’s response to risk, challenges to implementing controls, and the resulting residual risk. Monthly meetings in which candid conversation about operations facilitate the sharing of information and risks and strategy are disclosed and play a major role in the internal audit risk assessment process.
Other inputs to the plan include the changing regulatory and compliance environment in which the university operates. Close monitoring of our higher education internal audit peers and headlines stimulates a response ranging from conversations with management to audit projects determined by the risk level at UO.

Importantly, the internal audit team routinely records Risks for Consideration into our departmental working papers. This listing includes detailed information an auditor learned from a project that was deemed out of scope for that project but deserves a second look. Ultimately, a column is populated with an agreed-upon resolution for that line item. Resolution options include more information needed, added to audit plan, prepare for consultation, or notes from a discussion with management that provide a conclusion. This document is discussed periodically to assess the escalation of projects denoted for audit plan that have no imminent project planned. You may see these audits on the plan in Tier II or III when there is no escalation or urgency to that audit being completed.

Requests for our work often come from management but can also come from executives, the board, and internal audit team members. Discussion is held to assess the concern and define the level of urgency. Additional planning is used to determine whether an audit project or a consultation should be planned.

Many risk-based projects were available for the audit plan. The plan you see proposed here is designed to include required projects and risk-based projects. Tier I includes projects we plan, as of now, to initiate during the year. Tiers II and III include projects that may substitute for Tier I projects. Reasons for substitution include penetrating or key personnel turnover in the area, implementation of new process or primary application within the process being reviewed, and the imminent need to complete one project over another. Projects placed in Tiers II and III are likely to be moved into Tier I in subsequent years, absent new or escalating risks not addressed in this plan. While we are hopeful to initiate Tier I projects during FY24, we recognize that we will not complete all of Tier I during the year.

*Listed are projects we plan to *initiate* as circumstances beyond our control contribute heavily to delays, at times.

Objectives for required audits:

- **Scholarship Recipient Eligibility Confirmation**: The objective is to provide assurance that can ultimately be shared with the award sponsors that the selected recipient meets their stated criteria. An additional objective is to confirm the award’s receipt by the selected recipient.

- **NCAA Attendance Confirmation**: The objective is to confirm attendance recorded at UO home football games meets or exceeds the NCAA’s required threshold.

Preliminary objectives for Tier I risk-based audits:

- **Athletics Revenue Contract Payments**: The preliminary objective is to confirm payments received by UO Athletics align with contract terms and conditions. This review is not likely to involve the contract negotiation process but will focus on an analysis of payments received reviewing for conformance to the contract terms. The audit will begin with a selection of the contract(s) to be analyzed.

- **Conflict of Interest/Commitment Process**: The preliminary objective is to determine whether the process of identifying conflicts is optimally managed and there is consistency in the process for management plans, as needed.

- **External Quality Assurance of the Office of Internal Audit**: The Institute of Internal Auditors describes an external component to assessing the operations of the internal audit activity and recommends this component every 5 years.
• Distributed Compliance (Consultation): This project includes an evaluation of distributed positions with compliance responsibilities, staffing for those positions including percentage of FTE dedicated to compliance, and the compliance activities being performed.

• Identity Management: This project will review the identity management controls that safeguard the confidentiality and integrity of systems and data by restricting users to only the rights needed to fulfill authorized actions.

• Data Center – Eugene Campus: Widely accepted guidance for data centers includes physical and technical safeguards designed to facilitate the security and reliability of the data held within. This project will review the university’s Eugene data centers’ implementation of those safeguards.

Preliminary objectives for Tier II risk-based audits:

• Clery Act Compliance: The Clery Act requires universities with police departments or security departments to maintain certain crime data. Also required is a report that includes Clery reportable crimes. This project will review the adequacy of the process that informs the Clery Report for the university.

• ESG Reporting: Environmental, Social, and Governance reporting requirements are increasing and are becoming more impactful to reputation. This project will review reports made by UO and the data sources linked to those reports.

• Policy Governance Review: The preliminary objective for this review is to assess the governance processes for policy review. Upon dissolution of the Oregon University System, each university inherited the responsibility for developing their own policies. This review will include what is known at UO as Big P Policies though a similarly structured process might occur at the department or unit level.

• Construction Project: Construction projects begin with an idea, require funding, and are governed by architectural drawings and a contract. This project is not yet defined and will likely be determined by the type of contract utilized for the construction project.

• Environmental: This project is not yet defined but will have a regulatory/compliance component.

• Data Center – other location(s): Widely accepted guidance for data centers includes physical and technical safeguards designed to facilitate the security and reliability of the data held within. This project will review data centers’ (other than Eugene) implementation of those safeguards.

• Knight Campus IT Risk Assessment: An IT risk assessment project will provide foundational knowledge of risks particular to the Knight Campus. Of particular interest, will be exploring the necessary requirements for expansion of research project types.

• Business Continuity and Disaster Recovery: The primary objectives of a business continuity plan are to limit downtime during a business interruption, protect personnel in the event of a disaster, minimize financial losses due to a disruptive incident and
restore critical business functions and infrastructure following an incident. This project will review the business continuity and disaster recovery plans.

- FASS IT Risk Assessment: Increasing in popularity and use at UO, FASS IT services will undergo a risk assessment to evaluate the appropriateness of controls in this decentralized environment.

Preliminary Objectives for Tier III risk-based projects:

- National Security and Research: Undue influence in research generally occurs within the following categories: peer review violations, foreign employment arrangements, or overlap or over-commitment supporting a foreign grant or research effort. This project will examine the university’s processes for protection in these areas and conformance to updated guidance.

- Custody of Human Remains, Phase II: This project will be initiated soon after management actions from Phase I can be confirmed as complete. Phase I recommendations included the development of an inventory and the implementation of work group recommendations. Phase II will include audit procedures for the inventories.

- Background Screening Processes: This review will take an in-depth look at the various background screens completed that occur pre-hire and upon internal transfer.

- Research Data Security: Controls for research data security begin prior to accepting research projects and continue through the life of the research project and include records management, retention, and possibly destruction. The preliminary objective for this project is to assess those data security controls.

- Centers and Institutes: Centers and Institutes: Certain centers and institutes operate IT environments at UO and are not directly connected to VPRI or ISO. The preliminary objective for this review is to assess research data controls.

Agenda Item #3.4

Student Conduct Code Amendments
PURPOSE AND BACKGROUND

The UO’s Student Conduct Committee (“Committee”) and the Office of the Dean of Students seek Board of Trustees approval for revisions to the Student Conduct Code (“Code”). Per the Code, “Upon approval by the Board of Trustees of the University of Oregon, this Student Conduct Code becomes effective and supersedes all previous policies pertaining to student discipline at the University of Oregon.”

The Committee provides a peer perspective on matters of student conduct and academic integrity at the University of Oregon. The Committee of students, faculty, and staff serves a tripartite purpose for supporting the university conduct system through Advising, Advocating, and Advancing.

Advising—Reviewing and making recommendations to the Code and related procedures.
Advocating—Providing educational outreach to university students, faculty, and staff.
Advancing—Exploring new and innovative ways to increase student and faculty awareness of and involvement in the student conduct program.

Recommendations

“Unauthorized Collaboration” as a separate definition from “Cheating”

This is a continuation of work done by the 2021-2022 Committee that was further reviewed by the 2022-2023 Committee.

“Unauthorized Collaboration” currently exists in the Code only as one form of Cheating, and the term itself is undefined. The 2021-2022 Committee determined that this term needed to be defined in order to provide clarity to students on University expectations, and that “unauthorized collaboration” should be included in the Code as a distinctive type of academic misconduct.

After extensive discussion between leadership from the Division of Student Life, Office of the Provost, and the Board of Trustees, this item was tabled so that the 2022-2023 Committee could review and make recommendations on amended draft policy language which resulted from that discussion. The 2022-2023 Committee made only minor revisions to that draft language, as described in the Notes below.

Proposed Definition:

Working with others in the submission of an assignment, exercise, or other academic requirement for assessment when not expressly permitted by the instructor.

This section is not intended to prohibit the type of collaboration that promotes productive discourse and learning between students, such as engaging with lecture materials or course texts; discussing subject matter concepts, ideas, and themes; talking through problem-solving strategies and approaches; or study groups working to prepare for an exam. Unless expressly prohibited by the instructor, such collaboration is encouraged to the extent that students remain able to submit work for assessment which reflects their own individual interpretations, analysis, and conclusions. This level of collaboration will not constitute a violation of the Code, unless expressly prohibited by the instructor.

Notes re: Proposed Definition

• The Committee determined that inclusion of the term “academic requirement” allows for review of work that may be associated with an academic program rather than a specific course (e.g., comprehensive exam, capstone project, etc.)
• The Committee determined that use of the term “for assessment” rather than “for grading” allows for review of work that may not be graded, but submission of that work nonetheless fulfills a course or other academic requirement.
• The proposed definition strongly emphasizes and further clarifies that certain types of collaboration are generally encouraged.
• This will not apply to work that is, by design, intended to result in a group submission on behalf of multiple students.
Further Defining “Plagiarism”

The Committee determined that the current definition of “Plagiarism” is so vague that it does little to assist students with understanding the University’s expectations for behavior.

The Committee found that the broadness of the definition perpetuates the misperception common among students that plagiarism simply means copying and pasting work from somewhere else. The Committee determined that a proposed definition needed to acknowledge the realities of how plagiarism presents in the classroom, assist students with understanding nuanced applications of the policy that they may actually encounter, and provide faculty with a tool to help facilitate discussion about plagiarism with their students.

The Committee reviewed an inventory of policies from institutions nationally, identified elements that could augment the current definition of Plagiarism contained in the Code, and drafted the proposed policy language by adapting some of these elements.

Current Definition:

*Presenting another’s material as one’s own, including using another’s words, results, processes, or ideas, in whole or in part, without giving appropriate credit.*

Proposed Definition

*Presenting another’s material as one’s own, including using another’s words, results, processes, or ideas, in whole or in part, without giving appropriate credit. Plagiarism is contingent on the content of the submitted work product, regardless of whether the unattributed material was included intentionally or unintentionally. The use of material taken from any source—whether directly quoted, paraphrased, or otherwise adapted—must be attributed to that source.*

*Plagiarism also includes the submission of material generated by others. This may include artificial intelligence (AI) content generators and generative AI tools such as ChatGPT; websites with a question-and-answer feature such as CourseHero, Chegg, and Bing; assistance from tutors or online language translators that results in unoriginal work; and work that is purchased or otherwise prepared by another individual.*

Notes re: Proposed Definition

- Students may engage in plagiarism unintentionally, and this is often indicative that improved organization and note-taking skills could be needed or that the student was in a rush and could not double-check their work. The proposed definition clarifies that students are responsible for the integrity of any work that they submit, even under these circumstances.

- The second paragraph of the proposed definition reflects some of the most significant trends in academic misconduct over the last five years. The use of question-and-answer features rose in prevalence during the remote instruction period of the COVID-19 pandemic, while the use of ChatGPT and other AI has become the most common type of plagiarism reported since March 2023.

Proposed changes are provided in EXHIBIT A.

Board of Trustees
Seconded Motion: Adoption of Proposed Changes to Student Conduct Code
12 September 2023
Policy

Section 1: Introduction

The University of Oregon’s mission statement states, “The University of Oregon is a comprehensive public research university committed to exceptional teaching, discovery, and service. We work at a human scale to generate big ideas. As a community of scholars, we help individuals question critically, think logically, reason effectively, communicate clearly, act creatively, and live ethically.” As a community of scholars,

- We value the passions, aspirations, individuality, and success of the students, faculty, and staff who learn and work here.
- We value academic freedom, creative expression, and intellectual discourse.
- We value our diversity and seek to foster equity and inclusion in a welcoming, safe, and respectful community.
- We value, and endeavor to learn from, the unique history and cultures of Oregon that shape our identity and spirit.
- We value our shared charge to steward resources sustainably and responsibly.

The Student Conduct Code sets forth the community standards and procedures that maintain and protect an environment that is conducive to learning and supports the educational objectives of the University of Oregon.

Section II: Definitions

1. “Cannabis” means the parts, product, and derivatives of the plant Cannabis sativa, indica, ruderalis, and hybrid strains, regardless of the delta-9-tetrahydrocannabinol level, and is a federally controlled substance. Pursuant to federal law, the use of cannabis, including medical use, is prohibited on University Premises and at University Sponsored Activities. Cannabis, for the purpose of this policy, does not include FDA approved substances or industrial hemp as permitted by federal law.

2. “Case Manager” means a University employee who is designated by the Director to investigate and/or determine the appropriate resolution of an alleged violation of the Student Conduct Code.

3. “Complainant” generally means the University. In reports of discrimination or harassment, Complainant may also mean the Student that has been the subject of another Student’s alleged misconduct. A Student Complainant has the same opportunities under the Student Conduct Code as are provided to the Respondent.

4. “Director of Student Conduct and Community Standards” is the person designated by the University to be responsible for the administration and interpretation of the Student Conduct Code, or their designee. This person may be referred to as “Director”.

5. “Person Reporting” means any person who reports an allegation. This person is not automatically considered the Complainant.
6. “Policy” means the written rules and regulations of the University.

7. “Respondent” means any Student or Student Organization reported to have violated the Student Conduct Code.

8. “Student” means any person registered or enrolled in a University academic course or program, and any person admitted to the University who is on University Premises for any purpose related to the person’s registration or enrollment, or any person who participates in University programs that require Student status. Student includes any person who was a student in the previous term and is eligible for registration.

9. “Student Organization” means any group of University of Oregon Students meeting the University’s criteria for organizational recognition or registration established by the University or its units, colleges, or departments. Jurisdiction is retained for behavior that occurred when the Student Organization was recognized or registered, regardless of current status.

10. “Support Person” means any person who accompanies a Respondent or Complainant for the purpose of providing support, advice, or guidance. Any limitations on the scope of a support person are defined in written procedures or other relevant University policy. Witnesses or other Respondents are not allowed to serve as Support Persons.

11. “University Appellate Body” means the person or persons designated to consider an appeal from the outcome of an administrative conference. The appellate body for Discriminatory Misconduct and Student Organization conduct cases will be designated by the Vice President for Student Life. The appellate body for all other conduct cases will be designated by the University President.

12. “University Official” means a person having assigned University responsibilities who is performing their University duties. This includes Students who have been authorized to act on behalf of the University, such as resident assistants.

13. “University Premises” includes all land, buildings, or grounds owned, leased, operated, controlled, or supervised by the University and adjacent sidewalks and streets.

14. “University Sponsored Activity” means any activity that is directly initiated or supervised by the University or a Student Organization, on or off University Premises.

Section III: Scope, Authority, and Jurisdiction

1. The Director of Student Conduct and Community Standards (Director) develops procedures for the administration of the student conduct system.

2. Allegations of misconduct may be reported to the Director at any time, whether or not the Respondent is currently enrolled or registered. The Director has the authority to determine whether or not the allegation merits further response, including referral to the University student conduct system.
3. The Student Conduct Code applies to each Student for behavior that occurs from the time of admission, registration, or enrollment (whichever occurs first) through the actual awarding of a degree or complete withdrawal as defined by the University, regardless of when the behavior is reported.

   a. It applies to behavior that occurs during periods of suspension from the University.
   b. It applies even if the Respondent subsequently withdraws from the University.
   c. It applies to behavior that occurs between periods of enrollment unless the Respondent completely withdraws before the deadline to register for the next term. For Students enrolled in the spring term, jurisdiction is maintained until the deadline to register for the fall term.

4. The Student Conduct Code applies to all activities on University Premises and during any University Sponsored Activity regardless of location. The University may apply the Student Conduct Code to Student behavior which occurs off-campus in which the University can demonstrate a clear and distinct interest as an academic institution regardless of where the conduct occurs and a) which causes substantial disruption to the University community or any of its members, b) which involves academic work or any University records, documents, or identifications, or c) which seriously threatens the health or safety of any person.

5. Proceedings under the Student Conduct Code are separate from civil or criminal proceedings and may, at the discretion of the Director, be carried out prior to, simultaneously with, or following civil or criminal proceedings.

6. Allegations of misconduct by Student Organizations will be managed using the same process (Section V. Resolution Process) as individual Students.

Section IV: Prohibited Conduct

The use of material taken from any source—whether directly quoted, paraphrased, or otherwise adapted—must be attributed to that source.

Plagiarism also includes the submission of material generated by others. This may include artificial intelligence (AI) content generators and generative AI tools such as ChatGPT; websites with a question-and-answer feature such as CourseHero, Chegg, and Bing; assistance from tutors or online language translators that results in unoriginal work; and work that is purchased or otherwise prepared by another individual.

e.f. Unauthorized Collaboration: Working with others in the submission of an assignment, exercise, or other academic requirement for assessment when not expressly permitted by the instructor.

This section is not intended to prohibit the type of collaboration that promotes productive discourse and learning between students, such as engaging with lecture materials or course texts; discussing subject matter concepts, ideas, and themes; talking through problem-solving strategies and approaches; or study groups working to prepare for an exam. Unless expressly prohibited by the instructor, such collaboration is encouraged to the extent that students remain able to submit work for assessment which reflects their own individual interpretations, analysis, and conclusions. This level of collaboration will not constitute a violation of the Code, unless expressly prohibited by the instructor.

f.g. Unauthorized recording and/or use: Recording and/or dissemination of instructional content, or other intellectual property, without the express written permission of the instructor(s), intellectual property owner or the Accessible Education Center.

2. **Substance Use Misconduct**

   iii. Causing another to ingest a controlled substance without consent.

d. Smoking and tobacco.
   i. Smoking and tobacco use, including “vaping,” is prohibited on University owned or controlled property by University Policy.
   ii. Possession of tobacco products and inhalant delivery systems (“e-cigarettes”) by those under 21 years of age on University Premises or at a University Sponsored Activity, is prohibited in accordance with state law. This does not prohibit the use or possession of products that have been approved by the United States Food and Drug Administration for sale as a tobacco cessation product, provided the product is marketed, sold, and used solely for the approved purpose.

3. General Misconduct

   a. Attempts, threats, or inciting others: Attempting to, threatening to, or inciting others to engage in any of the conduct prohibited by this Code.

g. Harassment: Engaging in behavior that is sufficiently severe, pervasive, and objectively offensive to a degree that it interferes with a reasonable person’s ability to work, learn, live, or participate in or benefit from the services, activities, or privileges provided by the University.

4. Discriminatory Misconduct

   1. Any action or behavior prohibited by the University of Oregon Prohibited Discrimination and Retaliation Policy.

Section V: Resolution Process

   1. Report. The Director determines within a reasonable time whether a report alleges a potential violation of the Student Conduct Code and whether the matter should proceed through the conduct process.

   2. Student Rights. If the matter will proceed through the conduct process, the Respondent will:
      a. Be informed of the alleged violation(s) and the alleged misconduct upon which the report is based.
      b. Be informed of the process.
      c. Have the opportunity to meet, in person or virtually, with a Case Manager to review the report, the process, and options for disposition of the case in advance of an administrative conference.
      d. Have the opportunity to access, prior to an administrative conference, any documentation in possession of the Director that may be relied upon in decision making, subject to limitations from policies, regulations, and State and Federal law. What documentation is available, and how it may be accessed, is defined by written procedure.
e. Have the opportunity to respond to the allegations to the Director or their designee in an administrative conference and
   i. Have a reasonable amount of time to prepare for the conference;
   ii. Have the opportunity to propose relevant witnesses;
   iii. Have the opportunity to submit questions to the Director for witnesses involved; and
   iv. Have the opportunity to be accompanied by a Support Person

3. Notice and Administrative Conference.

a. The Director assesses whether an informal resolution, alternative resolution, formal student conduct action, or other process is appropriate. If the Director deems formal student conduct action to be appropriate, the Director will issue a written notice to the Respondent via Respondent’s official University of Oregon e-mail address. All communications sent by the Director are considered received when sent. In cases involving Student Organizations, the notice will be emailed to the organization’s representative (normally the president on file with ASUO, the Office of Fraternity & Sorority Life, or the Center for Student Involvement).

b. Notice. The notice will identify whether the Respondent may be subject to suspension, expulsion, or negative transcript notation. If the Director receives additional information which could elevate the potential sanction to suspension, expulsion, or transcript notation, the Director will issue a new notice to the Respondent informing them of the additional information and potential sanction(s).

c. The Case Manager will schedule an informational meeting as a part of the above notice. The informational meeting is a meeting between a Respondent and a Case Manager to review the report and relevant information, explain the student conduct process, and review possible options for resolving the matter. Respondents need not provide a response to the allegation(s) in this meeting.

d. After the informational meeting, the Case Manager will determine whether the case requires an administrative conference. The Respondent may also request an administrative conference. A Student who agrees to resolve violations without an administrative conference may waive their right to appeal. Such a waiver will be knowing, voluntary, and explicit.

e. If the Respondent, after receiving notice of the administrative conference does not appear for the conference, the conference will proceed without the Respondent.

f. Following the administrative conference, the Case Manager, applying a preponderance of the evidence standard, will determine if any violation of the Student Conduct Code occurred. The Case Manager will determine any sanctions(s) to be imposed for violation(s). In cases involving allegations of Discriminatory Misconduct, the sanction decision will be made by the Director.

g. In determining if a Student Organization is in violation, in addition to the above, the Case Manager may consider whether:
   i. The violation arises out of a group-sponsored, organized, financed, or endorsed activity or event;
   ii. The organization provides the impetus for the violation;
   iii. The violation occurs on the premises owned or operated by the group;
   iv. A group leader has knowledge of the violation being likely to occur before it occurs and fails to take corrective action; or
v. A pattern of individual violations is found to have existed without proper and appropriate group control, remedy, or sanction.

4. **Alternate Dispute Resolution Processes.** The Director and Respondent may determine that an alternate dispute resolution process (facilitated dialogue, mediation, etc.) is appropriate. Any case resolved through an alternate dispute resolution process may not be appealed and does not result in a finding of a conduct violation.

5. **Accommodations for Students with Disabilities.** A Student requesting an accommodation must follow the appropriate process for requesting an accommodation through the Accessible Education Center. The Accessible Education Center will make a determination regarding the request and notify the appropriate parties.

6. **Action Plan.** When a Student or Student Organization is found to be in violation of the Student Conduct Code, the Director will develop an action plan intended to promote personal reflection and growth, repair any harm caused, and help the Student or Student Organization realign with institutional values. The following describes the outcomes and sanctions that may be imposed, individually or in various combinations, on any Student or Student Organization as part of an action plan. An administrative sanction may be deferred for a designated length of time.

   a. **Outcomes.**
      
      i. **Educational Outcome:** The Student or Student Organization is required to complete a project or activity designed to promote learning and prompt changes to Student behavior and prevent further misconduct. Educational outcomes may include, but are not limited to, workshops, seminars, meetings, assignments, and substance abuse assessments.

      ii. **Reflective Outcome:** The Student or Student Organization is required to complete a project or activity designed to promote self-reflection on one’s actions and the impact of those actions on others.

      iii. **Restorative Outcome:** The Student or Student Organization is required to complete a project or activity designed to address the impact of the behavior and repair harm caused to any person and/or community.

   b. **Administrative Sanctions.**
      
      i. **Conduct Warning.** The Student or Student Organization is given written notice that the conduct engaged in is inconsistent with University standards and expectations and informed that future violations of the Student Conduct Code may result in the imposition of more serious sanctions.

      ii. **Disciplinary Probation.** A period of probation may be imposed during which any violations of the Student Conduct Code will result in more serious sanctions than might be otherwise imposed. A Student or Student Organization on probation may lose designated privileges during the period of probation.

      iii. **Suspension.**
          
          1. **Individual Suspension.** The Student is separated from the University for a specified period. A Student who has been suspended from the University shall not be permitted to reside in University-owned or operated facilities and may not participate in any University Sponsored Activity.
2. **Group Suspension.** A Student Organization loses University recognition or registration and all associated privileges for a specified period.

iv. **Expulsion.** The Student is permanently separated from the University. A Student who has been expelled from the University shall not be permitted to reside in University-owned or operated facilities.

v. **Revocation of Degree.** An academic degree previously awarded by the University may be revoked if it was obtained by fraud or a significant part of the work submitted in fulfillment of, and indispensable to, the requirements for such degree constitutes academic misconduct. The Academic Requirements Committee may, upon appeal, stipulate the requirements for obtaining a degree.

vi. **University Housing Transfer or Eviction.** As a result of a Student Conduct Code violation, the University may administratively transfer a resident to an alternate housing assignment, or may evict the resident from their housing assignment. Students who are evicted due to a conduct violation are no longer eligible for University Housing.

vii. **Negative Notation on Transcript.** Entry of the fact of violation on the Student’s permanent academic record may be imposed at the discretion of the Director. After the expiration of the period of time, if any, set by the Director, the notation is removed.

viii. **Exclusion.** The Student is not permitted to participate in University Sponsored Activities, or appear at or be present on all, or a specified portion of, University Premises without advance written permission from the Director.

ix. **Loss of Privileges.** The Student or Student Organization is denied specified privileges normally associated with Student status or recognized Student Organization status, such as participation in or sponsorship of University activities, use of University facilities or services, or living in University-owned or supervised housing.

x. **Restitution.** The Student or Student Organization is required to replace or restore damaged, stolen, or misappropriated property.

7. **Appeals.** A Respondent may choose to appeal an administrative conference decision within ten business days. The appeal goes to the designated University Appellate Body. In cases involving Discriminatory Misconduct, the Complainant may also appeal the decision to the designated University Appellate Body. Faculty may appeal an academic misconduct finding when they are the Person Reporting or the instructor of record. Appeals must be in writing, state the basis for the appeal, and be delivered as directed to the Office of Student Conduct and Community Standards.

a. Except for new information, an appeal is limited to the case file. An appeal will only be accepted for one or more of the following purposes (Basis for Appeal):

i. To determine whether there was any procedural irregularity that affected the outcome of the matter;

ii. To determine whether the action plan imposed was appropriate for the violation(s);

iii. To determine whether the finding is not supported by the preponderance of the evidence; and/or
iv. To consider new information that could alter a decision, only if such information could not have been known to the appealing party at the time of the administrative conference.

b. After considering an appeal, the University Appellate Body may either modify the action plan or send the matter back to the Director with a recommendation for additional fact finding, other resolution, or dismissal of the case. If the University Appellate Body grants an appeal on the basis of “new information” the only action the University Appellate Body may take is to send it back to the Director with a recommendation for additional fact finding, other resolution, or dismissal of the case.

Section VI: Interim Action
The Director may impose an interim action(s) regarding a Student or Student Organization when, in the professional judgement of the Director or designee, it is necessary to address a substantial and immediate threat of harm to persons or property.

1. Interim action may include, but is not limited to:
   a. Interim removal/suspension of the Student from the University;
   b. Interim removal from, or relocation within, University-owned or operated housing facilities;
   c. Restrictions on the Student’s presence on University Premises or at University Sponsored Activities; and/or
   d. An administrative hold which would prevent registration and the Student from obtaining an official copy of the Student’s transcript.

2. When the interim action takes place, the Director will:
   a. Inform the Respondent of the reason for the interim action;
   b. Schedule a preliminary meeting and inform the Respondent of its date, place, and time. At the preliminary meeting, Respondent has the opportunity to explain why interim action should or should not be taken.

3. Within two business days of the interim action, the preliminary meeting takes place. The Respondent may have a Support Person in attendance.

4. Based on the reasonable evaluation of the information presented at the preliminary meeting, the Director will notify the Respondent of the decision, no later than the following business day, to:
   a. Dissolve the interim action and take no further action;
   b. Dissolve the interim action but proceed to an administrative conference; or
   c. Sustain or modify the interim action until such time as a resolution is reached following an administrative conference.

5. An interim action is reviewed by Vice President for Student Life’s Designee at the request of the Respondent. The review provides an opportunity for the requesting party to explain in writing
why an interim action need no longer be imposed, or should be altered. Subsequent review of the same emergency action may be requested, at most, every ten business days.

Section VII: Academic Misconduct Procedures
Regardless of the method of resolution, relevant University Officials, including faculty members, are required to file a written report of any academic misconduct with the Director.

1. Director Resolution.
   a. In cases of suspected academic misconduct that are reported by relevant University Officials, the case resolution will be conducted in accordance with the procedures established in this Code.

2. Academic Sanction.
   a. If the Respondent is found in violation of academic misconduct in a course, in addition to the Action Plan imposed through the regular student conduct procedures, the faculty member may assign an appropriate academic sanction, up to and including an “F” or “N” for the course.
   b. The Respondent may appeal an academic sanction to the designated University Official within the department, college, or school from which the academic sanction originated.
   c. If there is a finding that the Respondent did not engage in academic misconduct, no academic sanction may be imposed.

3. Withdrawing from a Course.
   a. A Respondent may not drop or withdraw from a course that is pending after the Respondent has been made aware of the alleged academic misconduct via notice from the Director.
   b. If a Respondent’s academic misconduct does not result in an academic sanction, the Respondent may withdraw from the course or change the course’s grading option no later than five business days after the decision or termination of Student Conduct Code proceedings without sanction.

Section VIII: Retention of Student Conduct Records

1. Student Conduct Records and Files. Case reports will result in the development of a student conduct record in the name of the Respondent and Complainant, if applicable. These records will be maintained for a minimum of seven years in accordance with State of Oregon records policies and in compliance with federal legislation such as FERPA, the Clery Act, and Title IX.

2. Petition for non-reportable records. Respondents may, under some circumstances, petition to the Director for a conduct record to be considered “non-reportable.” The Director’s decision is discretionary and may not be appealed. If the Director is compelled to report the record by lawful order, the approved petition will not apply.

Section IX: Student Conduct Code Adoption and Revision
1. Any question of interpretation regarding the Student Conduct Code shall be referred to the Director for final determination.

2. The Student Conduct Advisory Committee provides peer perspective on matters of student conduct and academic integrity at the University of Oregon. The Committee of Students, faculty, and staff serves a tripartite purpose for supporting the university student conduct system: Advising, Advocating, and Advancing.
   a. The Committee will assist the Director by:
      i. Advising. Review and make recommendations for changes to the Code and related procedures.
      ii. Advocating. Provide educational outreach to university students, faculty, and staff.
      iii. Advancing. Explore new and innovative ways to increase student and faculty awareness of and involvement in the student conduct program.

   b. The Director will provide the Committee with an annual report which includes:
      i. Articulation of currently published procedures
      ii. Overview of previous year, including the activities of the Committee, trends regarding student behavior, and recommendations for the committee’s review.

3. Upon approval by the Board of Trustees of the University of Oregon, this Student Conduct Code becomes effective and supersedes all previous policies pertaining to student discipline at the University of Oregon.

4. This Code is not a contract, express or implied, between any applicant, student, staff or faculty member. This Code may be amended by the Board of Trustees of the University of Oregon, consistent with the Policy on Retention and Delegation of Authority.

Key Principles and Implications of the S.F.F.A Decision

- Decision on its face applies only to the use of race in admissions
- The Court made clear that “nothing in [its] opinion should be construed as prohibiting universities from considering an applicant’s discussion of how race affected his or her life, be it through discrimination, inspiration, or otherwise.”
- Guidance released by the US Departments of Justice and Education further support continued use of important tools in “pipeline” programs and important on-campus cultural support.
- It seems safe to work with the assumption that UO can craft its work consistent with schools in “proposition” states.
Brief Overview of Race and Admissions in Higher Education

The legal context for race-conscious college admissions has never been simple.

In a fractured decision in 1978, the US Supreme Court sanctioned the concept limiting the justification and use of race:

Key holdings:
- no use of “quotas”
- any use of race must be “narrowly tailored”
- Must justified to advance a college’s educational objectives in creating a diverse academy; remedying societal discrimination NOT sufficient

These principles were largely reaffirmed in later divided Court decisions involving Michigan (2003) and Texas (2013 and 2016).

The SFFA decision in June effectively makes the law of these states applicable in all 50 states for both public and private institutions of higher education.

Advancing Inclusive Excellence Within the Context of S.F.F.A. (offensive maneuvers)

- Educating campus community about the holding, its implications and impact on UO policies, programs and norms.
- Expanding recruitment opportunities overall and also targeting under-served communities
- Enhancing the role of university partnerships in providing financial support for students, especially those who are underserved
- Doubling down on systemic efforts to retain students
Advancing Inclusive Excellence Within the Context of S.F.F.A. (defensive maneuvers)

• Measuring the impact of S.F.F.A. on enrollment numbers
• Updating our institutional strategy for equity, inclusion and belonging
• Scanning our programming and updating procedures and policies to ensure compliance with the law.
• Contributing to the diversification of our college admissions profession

AI has extended the frontier of technological possibility towards boundaries that are barely visible at present. The tasks that machines will be able to accomplish, the rate at which new innovations may emerge, and the speed with which socially impactful technological innovations may diffuse is unknown. But the range of possibilities has surely gotten broader, and our certainty about the boundaries has accordingly diminished.
