2017-18 ACADEMIC YEAR

2018 SUMMER SESSION

For Consideration by the Board of Trustees of the University of Oregon on March 2, 2017

AUTHORITY

[Redacted]

TUITION AND FEE POLICIES FOR 2017-18

Tuition

Tuition for students enrolled in a program is established based on state-appropriated funds per full-time equivalent student, the financial needs of the University, market comparators, student classification (including, but not limited to, undergraduate, graduate and doctoral), residency, credit hours taken, degree program, and other factors. In determining tuition for undergraduate students who are enrolled in a degree program and are qualified to pay resident tuition:

- (1) The Board of Trustees may not increase the total of tuition and mandatory enrollment fees by more than five percent annually unless the board first receives approval from:
 - a) The Higher Education Coordinating Commission; or
 - b) The Legislative Assembly.
- (2) The Board of Trustees shall attempt to limit annual increases in tuition and mandatory enrollment fees for undergraduate students who are enrolled in a degree program and have established residency in Oregon to a percentage that is not greater than the percentage increase in the Higher Education Price Index, as compiled by the Commonfund Institute.

The Board of Trustees may not delegate authority to determine tuition for undergraduate students who are enrolled in a degree program and are qualified to pay tuition. Revenues derived from tuition may be managed and used in any manner.

Tuition may be established for any University program and may vary by regular academic year, summer session, continuing education programs, and other programs.

- **Academic Year:** Charges assessed to students during the academic year are comprised of tuition, mandatory enrollment fees, and all other student fees. During the regular academic year, tuition and fees are assessed based on the student's classification level and major, regardless of course level.
- **Summer Session:** For summer session programs, tuition is typically assessed on a per-credit hour basis or aligned to the preceding academic year's structure. The University may choose to make a residency determination for summer term. Tuition rates in the summer session may differ from the academic year. During the summer, non-admitted, part-time students enrolling for a combination of undergraduate and graduate courses are assessed tuition using the rates

for each respective classification plus fees based on the undergraduate fee tables for total enrolled credits.

- **Continuing Education:** Generally, rates are set no lower than necessary to cover direct plus indirect costs.

Fees

Mandatory Enrollment Fees

A fee is a mandatory enrollment fee if it is required to be paid as a condition of enrollment in the University by every enrolled student. In determining mandatory enrollment fees for undergraduate students who are enrolled in a degree program and are qualified to pay tuition:

- (1) The Board of Trustees may not increase the total of tuition and mandatory enrollment fees by more than five percent annually unless the board first receives approval from:
 - a) The Higher Education Coordinating Commission; or
 - b) The Legislative Assembly.
- (2) The Board of Trustees shall attempt to limit annual increases in tuition and mandatory enrollment fees for undergraduate students who are enrolled in a degree program and have established residency in Oregon to a percentage that is not greater than the percentage increase in the Higher Education Price Index, as compiled by the Commonfund Institute.

The Board of Trustees may not delegate authority to determine mandatory enrollment fees for undergraduate students who are enrolled in a degree program and are qualified to pay tuition. For Academic Year 2017-18, mandatory enrollment fees are the Building, Health Service, Incidental, Recreation Center and Student Union Fees. The University has the option of assessing mandatory enrollment fees during the summer session at rates comparable to those assessed in the academic year.

- **Building Fee:** The Building Fee is used to fund the construction and provide debt service for capital projects, primarily those associated with student centers, health centers, and recreational facilities.
- **Incidental Fee:** Incidental Fee recommendations for Academic Year 2017-18 were approved by student committees and forwarded to the President of the University for endorsement in accordance with UO Policy 580.010.0080-90. Students enrolled in off-campus programs (OIMB and Portland only) are assessed 50% of the Incidental fee.
- **Health Services Fee:** The Health Service Fee is used to support student health and counseling services. Students enrolled in the UO Portland programs use the Portland State University Student Health Center, and pay the same Health Service Fee as PSU students.
- **Recreation Center Fees; Student Union Fee:** The Recreation Center Fees and the Student Union Fee are used to fund the construction, debt service, maintenance, and operation costs of the

student centers. The Recreation Center Fees and the Student Union Fee are not charged to students enrolled in the University's Portland programs.

Student Residency

A resident student is one who fulfills requirements established by the Inter-Institutional Residency Compact between and among the seven public universities in Oregon. Graduate students who have a teaching, research, or administrative Graduate employee position or are supported by an eligible training grant or graduate fellowship are converted to resident status for tuition and fee purposes.

All Other Fees

Other fees include all charges, fines and fees that are neither tuition nor mandatory enrollment fees. The Board of Trustees, the President, or designee may establish these fees and use them for services, facilities, operations, and programs.

- **The Matriculation Fee:** The Matriculation Fee is a one-time fee charged to newly admitted students upon enrollment. This fee is a one-time assessment and was developed to reduce the large number of enrollment-related fees for course scheduling (drop/add fees), transcripts, degree applications, and re-enrollment. The fees are also used to support academic programming for freshman interest groups and learning communities..
- **Undergraduate International Student Fee:** The University sets the international student services fee to provide a set of services and programming to support international students, including students enrolled in the AEI program. The fee supports services related to academic support; enrollment services; increased immigration compliance and reporting as required by the federal government (such as SEVIS II); personal and cultural counseling and advising; and accelerated planning and delivery of new programs.
- **Laboratory and Course Fees:** [Redacted]
- **Other Charges, Fees and Fines for Services, Facilities, Operations and Programs:** [Redacted]
- **Application Fee:** [Redacted]

Graduate Assistants

Graduate students appointed by the University of Oregon as Graduate Employees (GEs), including as graduate teaching assistants, graduate research assistants, and graduate administrative assistants are paid at established institutional salary rates and are exempt from the payment of tuition at the University of Oregon up to the first 16 credits per term subject to institutional policy. Appointment as a GE may not be for less than .20 FTE for the term of appointment.

The tuition will be assessed to the employing account or department within the University, not to exceed the graduate resident, full-time student tuition per term. When a GE is authorized to exceed 16 credits per term, the University shall charge the GE the resident overload tuition for the excess credits that correspond to their major’s tuition schedule. GEs are exempt from payment of tuition and of fees for self-support courses that are required for the completion of the degree for up to 16 credit hours taken in any quarter to which the appointment applies.

GEs are assessed mandatory enrollment fees, a portion of which is subsidized by the institution during each term.

Students with academic-year GE appointments may be eligible for a summer tuition waiver if they meet the criteria outlined on the Graduate School website.

FEE POLICIES SPECIFIC TO SUMMER SESSION

Tuition rates may be assessed based on undergraduate and graduate course designation or student classification.

Course level designations are generally defined as follows:

- Course numbers assigned 499 and below are assigned undergraduate tuition rates.
- Course numbers assigned 500 and higher are assigned graduate tuition rates.

Semester rates for students attending the University of Oregon Law programs are modified for the Summer Session program.

Tuition may be assessed on a per-credit hour basis or aligned to the preceding academic year structure. Mandatory enrollment fees are assessed in the summer, but are partially subsidized for Graduate Employees. The tuition reduction program for employees and qualifying family/dependents, and the Graduate Employee fee privileges may be authorized during the Summer Session at the option of the University. When authorized, these benefits shall conform to policies set forth in this Fee Book. Employees or qualifying family/dependents who seek to use the staff fee privilege for courses away from their home institution are subject to corresponding fee policies of the instructing institution.

The summer refund policy for course load reduction or withdrawal differs from the academic year policy; the policy can be found at <https://brp.uoregon.edu/content/tuition-mandatory-fees-housing-special-fees-fines-book>.
